Hi Ryan:

So are we both attending the meeting with Chris K. or just you? The WDNR call has more cases of mine on the agenda.

Cheryl Burdett

We will have to split who goes to which. Chris just indicated that he needs someone in person, so I'll be going to the meeting with Jim. He thinks that it will be short. Let me talk to James. Perhaps if we discuss CSD at the end of that call, we could be at the meeting with Jim and then switch over to the state call. If I can, I will but I'll have to stay in the meeting with Jim until it ends. Let me see what James says.

Hi Ryan:

You asked that I attend the WDNR Meeting at 2:30 PM, which meeting would you like me to go too?

Cheryl Burdett

Are you available at 2:30? Not clear if there will be a call in number available. We can find out if you are available.

**Subject:** Today's WD Briefings with You

Good Morning Jim:

We have 4 briefings scheduled with you for today. Folks here have been scrambling to get you updated written briefings, one of which (Central Sands) is still being finalized. To try and keep things simple, I am attaching what I believe to be latest version of the briefings, **and I will ask the teams to bring other potentially relevant documents to the meetings.** At each briefing, I will be bringing appropriate management staff and ORC will be bringing appropriate the appropriate attorneys.

The briefings relate to:

## Ex. 5 Deliberative Process (DP)

**2:30 – 3:30: Central Sands Dairy CAFO Monitoring Effort (WI)**

This was a comprehensive water quality sampling effort primarily targeting nitrate pollution in drinking water. We have some preliminary results, with a more comprehensive package of results to come later. A briefing paper will be forthcoming.

## Ex. 5 Deliberative Process (DP)

Rett and Deb: I will defer to you on ORC's staffing of these meetings! (Not sure I got the right people.)
